2024/25 School Education Plan At-A-Glance

This Year We Worked On:

- Advancing student literacy skills through reading and comprehension.
- Building Future Ready students through offering opportunities to develop a post-high school mindset.
- Developing resiliency in the school culture with all stakeholders

You Can Help By:

- Asking about your student's day and learning—help them talk about what they're learning.
- Having positive conversations about their future goals.
- Encouraging participation in wellness sessions and school programs.

Next Year You Can Look Forward To:

- Literacy /Numeracy – math structure change for students entering grade 10.
- New Staff member dedicated to future ready student goals.
- Developing resiliency with staff and students on real world examples such as AI usage at school and social emotional training.
